

I'm writing to encourage you not to allow the K-LOVE radio station to be replaced by an LPFM broadcaster providing other programming.

K-LOVE provides a much needed service in our area and its national coverage allows many to listen to its programming whose communities would otherwise not have the needed financial resources to support such a station.

Many radio stations broadcast songs or talk shows with foul language or inappropriate words that many families would prefer that their children not hear. With KLOVE, we listeners know that it's safe for our kids to listen. It also provides a much needed positive message to help people who may be discouraged and offers them hope. And, of course, it's very entertaining and fun to listen to as well. It's one of only two radio stations I listen to every day.

Thank you for your consideration.
